## Changes in PEF loan process

It is no longer necessary for students seeking Perpetual Education Fund loans (PEF) to attend the Career Workshop. PEF applicants will now be required to attend the *Planning for Success Workshop* as part of the Institute class. It is highly recommended that students in their last year of college studies attend the **Career Workshop** as part of their preparation to find employment prior to graduation. For more information on this and other changes, contact the PEF office or Seminary and Institute director at Upper Hill.

Students seeking PEF loans will now attend the **Planning for Success Workshop** as part of their Institute class.
